**ENVIRONMENT**

Crowne Plaza Hotel Springfield, Illinois May 14, 2003

## SCOPE AND PURPOSE

This workshop focuses on issues pertaining to renewable energy policies in restructured energy markets in Illinois. It also addresses environmental concerns related to mercury emissions as well as the clean-up of mercury, manufactured gas, asbestos and PCBs. Workshop topics include:

- Renewables portfolio standards
- Tradable renewable energy certificates
- Green energy tariffs
- Transmission access and expansion
- Siting and zoning issues
- Cost recovery mechanisms for environmental remediation

## ABOUT THE ORGANIZER

The **Institute for Regulatory Policy Studies**, residing in the Department of Economics at Illinois State University, was founded to foster education, communication, and research on regulatory policy issues of critical importance to consumers, regulators, and utilities. The Institute pursues these goals by sponsoring conferences and workshops, funding support for students, and conducting research. Further information about the Institute and updates to the workshop agenda are provided on the Institute's web page, <http://www.irps.ilstu.edu/>

The Institute gratefully acknowledges the support of its contributing members:

- Ameren CIPS
- Commonwealth Edison Company
- Illinois Power Company
- MidAmerican Energy Company
- Nicor Energy
- The Peoples Gas Light and Coke Company
